

# Comfort Belt

Material - Elastic

Manufactured  
in the UK

Hand Wash &  
Air Dry Only

Same Day  
Dispatch

Breathable

ISO:13485  
Accredited

Manufactured in the UK. The Comfort Belt provides a combination of support, compression, heat retention and comfort, ideal for the treatment of Sciatica, Herniated disc, Sacro-iliac joint dysfunction, Degenerative disc disease, Lumbago and for general posture support. The two removable metal stays give superior support to improve your posture and aid in the treatment of back problems, in addition the contoured shaping with a front depth of 21cm and a back depth of 30.5cm ensure a good fit without the rolling up that can occur with some lumbar supports. The elasticated fabric keeps the muscles warm preventing muscle spasms and encouraging blood flow to aid in healing. It has a detachable lumbar cushion and an adjustable multi-position fulcrum strap so that you can achieve a comfortable fit.

## Indications for use
