Accredited

The Ultima Calf Skin provides medical-grade compression to increase circulation to the lower legs during activity or injury rehabilitation. The Calf Skins are designed to be used while recovering from calf strains, shin splints, or any type of calf pain, and can also be used to help improve performance. Compression leads to enhanced recovery and efficiency, so you can keep your legs feeling fresher longer.

Indications for use

- » Calf strain
- » Shin splints
- » Calf pain

Features and benefits

- » Hypoallergenic materials
- » SkinLok feature locks sleeve in place
- » Medical-grade compression
- » Available as a single sleeve or pair
