

# BOHLER WALKER

## OFF-LOADING DEVICE

Clinically proven to offload over 80% of the plantar surface of the foot.

**PATIENTS  
AMBULATE  
QUICKER &  
DISCHARGED  
EARLIER!  
SAVING TIME & MONEY**

*The Key*

### FEATURES...

- » Low profile design and non-slip sole allows the patient to ambulate easily
- » Road-based sole encourages a normal heel-to-toe gait for early non-weight bearing
- » Replacement head plates are available if the walker has to be taken off and reapplied
- » The moulded side arms allow for a greater variety of patient anatomies
- » The donning plate (White Pad) is removed after application to maintain the non-weight bearing position
- » The cast can be removed, checked and reapplied with the confidence that the patient is not weight-bearing
